The United Nations Relief and Works Agency (UNRWA) is the largest humanitarian organization operating in Gaza.

UNRWA was created in 1949 to serve Palestinian refugees until justice is achieved.

The vast majority of UNRWA's 13,000 employees in Gaza are Palestinian refugees themselves, as 70% of Gaza's population of 2.3 million are refugees. Even before October 2023, 80% of Palestinians in Gaza receive UNRWA assistance, illustrating how Israel made the territory unlivable over 17 years of blockade.

Israeli forces have made Gaza by far the deadliest place to be an aid worker in the 79 year history of the UN.

9X

more UN workers were killed in Gaza in 2023 than were killed in all other countries combined.
